

*Abra OrgPlus is the industry standard solution for automating the creation of complex organizational charts – streamlining this once-cumbersome process with powerful data management and design tools and an easy-to-use XP-like interface. Use Abra OrgPlus to quickly import data from your current human resource database or spreadsheet, generate hyperlinked charts from pre-defined styles and templates, and create a dynamic, professional chart with no drawing required.*

**Quickly Organize, Strategize and Communicate Your Company Structure**

- **Accurately allocate your employee resources** by formalizing your organizational structure around your current strategic goals.
- **Easily perform “what-if” analyses** using simple drag-and-drop functionality.
- **Effectively manage employee relationships** by clarifying reporting structures and departmental architectures.
- **Conveniently communicate structure changes** by outputting image files ready for publishing to the Web.

• Additional publishing functionality available with Abra OrgPlus Professional. See back for details.

**Easily Import Data From Your Abra Database**

- **Import data using common formats** – such TXT and XLS – from almost any database using our convenient text adapter. No retyping required!
- **Automatically validate data** for accuracy and completeness.

**best**

- **Conveniently upload photos** directly into chart boxes to:
  - Add advanced personalization to your organization chart
  - Make every employee visually recognizable for streamlined workflow and easy, ad-hoc face-to-face communication.
  - Promote a friendly, small-business-like culture that builds and retains happy employees.
- **Automatically break large, complex charts** into easy-to-manage hyperlinked sub-charts.

**Create Informative, Engaging Organization Charts Without Drawing**

- **Design new charts or customize automatically-built ones** within a user-friendly, Windows XP-style interface.

- **Efficiently format charts** using multiple box group layouts, staff and assistant styles, box order and shadow styles, shapes and colors.
- **Choose from over 20 professionally-designed chart templates** or create your own style for consistent chart formatting.
- **Manage and manipulate chart graphics** and photos with ease.
- **Customize charts with fill effects** including gradients and textures for a look uniquely your own.

**Accurately Manage Your Important Company Data**

- **Easily make changes and perform analysis** with all data stored in a centralized database.
- **Generate phone lists, salary tables and other custom reports** using built-in Crystal Reports.
- **Perform spreadsheet functions on charted data** – such as rollup totals, averages, fractions and standard deviation – right inside the chart!
